

“Our Family Chooses Mill Run!”

Duncan Kirk

Rehab patient

Mill Run Gardens & Care Center

“When our doctor first told us my wife would need rehab, we picked Mill Run Gardens & Care Center because it was right by our home. I visited every day. The staff was wonderful in assisting her as she recovered. A year later, I found myself in need of rehab and I knew exactly where I wanted to go, Mill Run. This time not because it was by my home, but because I knew I would get excellent care. The staff was great allowing me to work with the same therapist daily. In just a short time, I was ready to get back home. I thank Mill Run Gardens & Care Center first for my wife and then for me!”

Personalized. Uncompromised. Healthcare.
